

01 September to 31 December 2018

Lamp for life promotion bundle

NEC ME401W with lamp bundle

Guaranteeing the perfect support for successful lectures and presentations, the compact multipurpose NEC ME401W projector delivers crisp images and natural colours to your classroom and meeting facility thanks to LCD technology. Comprehensive connectivity and optional WiFi provide utmost flexibility and time saving operation. Extended lamp and filter life lowers both maintenance time and cost, ensuring smooth and reliable operation.

**Promotion offer: Buy an ME401W projector between 01 September to 31 December 2018 and receive a free lamp NP43LP
New bundle order code 40001241***

* EDU Registration for Extended Lamp Guarantee

Benefit from great features!

- Large 1.7x optical zoom for maximum flexibility.
- Minimized cost of ownership due to lamp for life bonus and long lamp- and filter exchange intervals. Versatile and mobile, compact and light-weight with HDMI and integrated 20W speakers.
- Display content that demands attention with WXGA resolution and 4,000 ANSI Lumen brightness and colour ranges; your viewers will enjoy an outstanding visual experience.
- Enjoy cost effective replacement of existing NEC M Series LCD model installations to achieve better imaging for lectures and presentations yet without wall-mount adjustment.
- Wide array of flexible application scenarios thanks to multi-source conferencing and efficient split-screen operation supported by a wide future-ready range of digital connectivity.
